EMPLOYMENT

Scrubs Data

Irvine, CA

Full Stack Developer

Oct. 2019 - Feb. 2020

- Implemented a dynamic survey builder that allows administrators to create a multi-tiered questionnaire which can be distributed through email service to other users across the application
- Administered a versatile practitioner wizard that incorporates user-friendly functionality to progressively validate each input through C# attributes and is ultimately detailed onto a user profile
- Dynamic schedule management feature that verifies and renders user availability by day and time
- Executed sorting, filtering, role-based routing and mapping components for enhanced user experience
- Authentication/Authorization - Form validation, securing inputs, email confirmation, salt and hash password cryptography, T-SQL.
- Coordinate daily stand-ups and code review to synchronize project progress and reduce functionality issues
- Collaborated closely with management in agile/scrum environment about project blueprints to build a highly scalable medical application

West Coast University

Irvine, CA

Financial Aid Analyst

Mar. 2019 - Sept. 2019

- Analyzed and administered 100+ student accounts and their varying financial aid requests promptly to confirm the tasks that follows each request due to the time sensitivity that each request may hold
- Validated 100+ student drops and refund requests meticulously per weekly to ensure drops are completed within West Coast's standard drop timeline and California's Financial Aid drop policy
- Recorded all incoming and outgoing student requests to ensure tasks are distributed accordingly
- Collaborated with 4 other team members to ensure that our tasks are completed before the deadline

Din Tai Fung

Costa Mesa, CA

Server

June 2015 - Mar. 2019

- Communicate with and assist customers to assure high quality dining experience
- Prioritize tasks under fast-paced environment of 100+ parties to ensure high standard of service
- Collaborate with co-workers in order to build and maintain an efficient flow at the restaurant
- Facilitated communication between the front of house and back of house employees

EDUCATION

University of California, Irvine

B.A. Social Science 2018

Oct. 2016 - June 2018
